

# Bird & Bird

A global 24/7 solution enabling users to access their corporate data directly

## Overview

Bird & Bird is a global law firm with 1,400 employees, including 900 lawyers, in 21 offices across Europe and Asia as well as close ties with firms in other parts of the world.

## The problem

Bird & Bird needed a global 24/7 solution which enabled users to access, review and export their corporate data directly whilst providing advanced user rights for the administrator. Furthermore, Bird & Bird needed to securely transfer their data from their existing system to the new one quickly and securely.

Implementation

## Our solution

Bird & Bird chose Blueprint OneWorld for its functionality and 24/7 access capability for multiple users. Our ability to securely manage the migration from their existing system, including data transfer and user training meant Bird & Bird users were quickly able to master the functionality of Blueprint OneWorld.

Bird & Bird chose our hosted option meaning that responsibility for Blueprint OneWorld performance, maintenance, backup and upgrades rested with us. Our hosted service meets the highest security standards through our ISAE3402, ISO27001 and ISO9001 certified data centre.

“Blueprint OneWorld delivers a much more efficient way of working. It has met the needs of Bird & Bird successfully and comprehensively.”

**Jo Batten**, Company Secretarial Coordinator, Bird & Bird

## The outcome

Blueprint OneWorld’s completely secure and extended administrator rights delivered Bird & Bird a reliable and secure solution for all the global users.
